

KOHIMA SCIENCE COLLEGE
(An Autonomous Government P.G. College)
Jotsoma, Nagaland

Date: 08 August 2020

NOTICE TO ALL STUDENTS

Despite the fact that classes cannot be held on campus in these times of the COVID-19 pandemic, the college is making every effort to keep the teaching-learning process ongoing through online means with study materials, recorded videos, live classes, etc. This is the first time for both teachers and students where almost all the teaching and learning activities are being done remotely. Many teachers are making extra effort to prepare the materials for the classes.

In the process, however, hiccups will certainly crop up here and there. Students are advised to be very careful while using the facilities offered to them. Study materials, recordings, videos, etc. shared with them are not to be misused in any way. They are not to be shared on any other social media or used for any purpose other than that for which they were made. If students have any problem or issue with the materials, videos, or live classes, they are to contact the concerned teacher directly.

Strict disciplinary action will be taken against any student who posts negative or unwanted comments against any teacher in any social media platform or misuses them in any form. Students are welcome to voice their constructive opinions and criticisms through email to office@kscj.ac.in.

Stay safe!

Dr Lily Sema
Principal
